HOBBIES

Baseball
Karate
Reading
Reengineering model cars

EDUCATION

Gonzaga University (2020 - Present)

Admitted to Gonzaga's engineering program on a Merit Scholarship and am on the Civil Engineering track. I will finish my sophomore year with a 3.30 GPA. As I have studied mechanics of materials, geomatics, statics, fluid mechanics, physics, surveying, and minoring in mathematics.

West Seattle High School (2016 - 2020)

Graduated with a 4.0 GPA and was a part of the National Honors Society. Played baseball all four years, serving as team captain for my last two years on varsity. I was also president of the Chemistry Club and treasurer of the STEM Club for my last three years. My courses were STEM heavy by taking every science class they provided and, as a result of my progression, forced the school to add another class to their math program.

WORK EXPERIENCE

Kayak Shop (Summer 2021)

Managed all the inner workings of a local business and turned them from using cash systems to digital to keep from big losses during break-ins. Carried boats up and down the shore daily and took care of customers and taught them how to be safe on the water.

Go-Time Athletics (Summer 2021)

Coached at their summer camp and took care of all of their computer work and made spreadsheets and analysis charts to keep them organized and bring in more potential talent.

Evergreen Tang Soo Do (Black Belt / Instructor)

Achieved Black Belt in Karate by age 16. Running Karate classes three times a week by myself for my Instructor when he was busy. Led classes through various exercises and sequences of forms and activities.

SKILLS

- ~ Skilled in problem-solving and teamwork
- ~ Well acquainted with Excel and graphical analysis
- ~ Strengths include spatial awareness such as orienting objects in a 3D space, knowledge of MATLAB, and some computer design (Rhino) as well as knowledge in surveying & GIS
